# DT100 - DT110S-G20 (50Hz)

Gensets Small Range

Pictures for Gensets and canopies could vary from actual product.

LEROY SOMER

| Ratings @ 0.8 PF |             | Prime Rating | Stand-by Rating |  |
|------------------|-------------|--------------|-----------------|--|
| Voltage*1        | Frequency*2 | DT100*3      | DT110S*4        |  |
| 230/400 V        | 50 Hz       | 100 kVA      | 110 kVA         |  |

GENERATORS GHADDAR

The above ratings represent the generating set capability guaranteed within ±3% at the reference conditions equivalent to those specified in ISO 8528/1 standard.

#### Notes

1. The applicable voltage range is 380V to 415V for 50Hz applications. For other voltages, please consult factory.

2. This generating set is of fixed speed of 1500 rpm.

3. DT100 is the prime power rating of the generating set is where a variable load and unlimited hour usage are applied with an average load factor of 80% of the prime rating over each 24-hour period. Noting that a 10% overload is permitted for 1 hour in every 12-hour operation.

4. DT110S is the standby power rating of the generating set is where a variable load limited to an annual usage up to 500 hours is applied, with 300 hours of which may be continuous running. Noting that no overload is permitted.

## Certifications

type-tested according to ISO 8528-8 Standard.

# Quality ISO 9001

# DT100 - DT110S-G20 (50Hz)

## Gensets

Small Range

LEROY<sup>®</sup> SOMER

## **Control Panel Specifications**

GMP260MKIII (DSE6110 MKIII) panel is an automatic start generating set panel of microprocessor-based design which is capable of interfacing with electronic engine through the can-bus J1939. It is fully configurable by PC software, yet most settings can be programmed by front fascia buttons. If Mains voltage is to be monitored, DSE6120MKIII can be offered.

Circuit Breaker Schneider or ABB, 3 Pole MCB (4 Pole available as Optional)

## Construction

| Low coolant level Note 2  | Fusible link fire protection    | PLC Editor                     | Inputs: 20 <sup>ma</sup> , 10V | Engine Speed                  | Bearing temperature RTD           |
| 3 ph Mains Sensing (6120) | Low coolant temperature         | Oil Level Control              | Thermocouples                  | Operating hours               | Tier 4 Support                    |

Note 1: some OPTIONAL features could be standard if CANbus is established within electronic engines. Note 2: Low coolant level protection is standard feature for Gensets above 200KVA, otherwise it is optional. Note 3: There is limitation in the number of protections and measurements that can be offered with GMP260MK.

Other types of control Panels & Modules can be offered according to required specifications (DSE 7310/20, 7410/20, 8610, 8810 and Others).

## DT100 - DT110S-G20 (50Hz)

Gensets Small Range

LEROY<sup>®</sup> SOMER

## **Genset Standard Features**

#### Assembly:

Gensets are assembled at Ghaddar Machinery Factory in compliance with ISO 8528-8 standard.

#### Fabrication:

- The engine/alternator assembly rests on skid with Anti-vibration mounting pads.

GHADDAR

- The skid is made up of durable sheet metals and beams exceeding "Vibration & Torsion" Resistance Norms.
- A skid mounted fuel tank is supplied with fuel gauge, filler cap, fuel inlet and outlet hoses.
- The control panel enclosure is made up of metal sheet .

#### Paint:

-The skid and control panel enclosure are painted with heat-treated and power-coated electrostati corona spraying.

- Paints passed durability tests conforming to international quality standards.
- Impact (EN ISO 6272)
- Salt Spray Resistance (ASTM B117-73)
- Humidity Resistance (ASTM D2247)

#### Works-Testing:

- All Gensets are tested prior to dispatch.
- Test is automatically generated and checked according to ISO8528
- Test certificate is issued for each Genset

#### **Equipment:**

- Water cooled Radiator with belt driven blower fan and full guarding
- Electric starter with solenoid Relay
- Battery Charging Alternator
- Energized to run solenoid
- Replaceable fuel, oil and air filters
- Heavy duty leads acid battery with matching capacity (Amps & CCA)
- One loose supplied industrial exhaust silencer 16 DB noise reduction level.
- Integral Fuel Tank with 117 L capacity.

#### **Documentation:**

- User Manual for Operation, Installation and Maintenance guidance
- Wring Diagram.
- Test Report
- Maintenance Schedule
- Catalogues for Engine, Alternator & AVR

## **Genset Optional Features**

- Manual & Automatic Transfer Switches,
- Synchronizing & Totalizing Panels
- Fuel water separator
- Water jacket heater
- Oil heater
- Fuel heater
- Battery heater
- Anti-condensation Heater
- Air Shut-off Valve
- Oil Sampler
- Pre-lube Oil Pump
